# ANILKUMAR H J

Senior Angular Developer | Front-End Engineer | 8+ Years Experience

+91 99457 03127 • anilkumarhj07@gmail.com • Mysuru, Karnataka, India • linkedin.com/in/anilkumar-h-j-09986b114 • anihani.github.io/my-portfolio

## PROFESSIONAL SUMMARY

Senior Angular Developer with 8+ years of experience designing, developing and maintaining complex, responsive web applications across enterprise SaaS, B2B e-commerce and healthcare domains. Hands-on across Angular 2–16 and currently Angular 21, with TypeScript, RxJS, Angular Material, SCSS and Bootstrap. Currently builds the front end of an enterprise digital-signature (eSignature) platform at Certinal, delivering accessible, internationalised multi-language interfaces and integrating RESTful APIs across product modules. Additional strength in hybrid mobile development with Ionic, modernising legacy jQuery/CMS front ends, and cross-browser and performance optimisation. Recognised with Best Employee of the Year and twice with Best Employee of the Month.

## TECHNICAL SKILLS

**Languages & Core:** TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS/Sass, jQuery

**Angular Ecosystem:** Angular 2–16 and Angular 21, Angular CLI, Angular Material, Components & Modules, Reactive and Template-Driven Forms, Services & Dependency Injection, Routing & Route Guards, RxJS Observables, HttpClient, Custom Pipes & Directives, Lazy Loading, Internationalisation (i18n) & Multi-Language Support

**UI, Responsive & Design:** Bootstrap, Responsive & Mobile-First Design, Cross-Browser Compatibility, Web Accessibility, Figma, Adobe XD and Photoshop to Code, Design-to-UI Implementation, UI/UX Collaboration

**Mobile & Hybrid:** Ionic Framework, Hybrid Android Application Development, Mobile Performance Optimisation

**AI-Assisted Development:** Claude AI (Claude Code), Cursor AI, AI-Assisted Coding & Code Review, AI-Accelerated Refactoring, Debugging and Test Generation

**Testing & Quality:** Unit Testing, Jasmine, Karma, Angular TestBed, Component and Service Testing, Test Debugging, Cross-Browser Testing, Code Review

**APIs & Integration:** RESTful API Integration, JSON, AJAX, Content Management Systems

**Tooling & Practices:** Git, Bitbucket, npm, Webpack, Babel, VS Code, Chrome DevTools, Agile/Scrum, Code Review, Jira

## PROFESSIONAL EXPERIENCE

### Senior Software Engineer – Certinal Software Pvt. Ltd.

*July 2022 – Present*

- Develop and maintain the **Angular** front end of Certinal's enterprise eSignature platform, a multi-tenant digital-signature product used by global business customers.
- Build responsive and accessible user interfaces with full internationalisation and multi-language support, delivering a consistent experience across locales, browsers and device sizes.
- Work across the platform's modern **Angular** codebase, applying current Angular architecture and component patterns as the product moves onto **Angular 21**.
- Integrate **RESTful APIs** across product modules to enable reliable data exchange between the **Angular** client and backend services.
- Apply modern front-end tooling and **Angular** performance practices — lazy loading, reusable shared components and component-level optimisation — to improve application performance and maintainability.
- Collaborate with cross-functional product, design and QA teams in Agile sprints, contributing to code reviews and front-end quality standards to ensure production-ready releases.
- Write and maintain **unit tests** for **Angular** components and services using **Jasmine** and **Karma**, strengthening regression safety and release confidence across the product.
- Use AI-assisted development tools including **Claude AI** and **Cursor AI** to accelerate feature development, refactoring and code review, improving delivery speed and day-to-day code quality.
- Recognised twice as Best Employee of the Month for delivery and product quality.

### Front-End Developer – Long Tail Sourcing India Pvt. Ltd.

*July 2021 – July 2022*

- Developed Konnectbox, a B2B bulk-buying e-commerce Android application with an Amazon-style catalogue and ordering experience, built with **Ionic** and **Angular**.

- Implemented modern, responsive user interfaces using **Angular Material**, **Bootstrap** and **SCSS** to deliver a consistent mobile-first experience.
- Integrated **REST APIs** for catalogue, cart, ordering and user-account data exchange, extending overall application functionality.
- Created and optimised the hybrid mobile application for performance and user experience, improving responsiveness across a range of Android devices.
- Worked directly with design and backend teams to translate business requirements into shippable features within Agile delivery cycles.

### Software Engineer – Your Practice Online Pvt. Ltd.

*July 2018 – July 2021*

- Designed and developed responsive healthcare websites for clients including BPL Medical Technologies, OSSI Virginia, Zachary Zimmer MD and Lombardi Spine.
- Built mobile-friendly, cross-browser front ends using **HTML5**, **CSS3**, **JavaScript** and **jQuery**, integrated with content management systems for client-managed content.
- Converted Adobe Photoshop comps and design files into pixel-accurate, production-ready user interfaces.
- Managed and updated site content while ensuring cross-browser compatibility and optimised page load performance.
- Collaborated with designers and backend developers to improve usability and overall user experience.
- Awarded Best Employee of the Year (2019) for consistent delivery and client satisfaction.

## SELECTED PROJECTS

**Certinal eSignature Platform — Certinal Software Pvt. Ltd.** — Angular front end for a multi-tenant enterprise digital-signature and contract-management SaaS platform, with accessible, internationalised multi-language interfaces and REST API integration across product modules. certinal.com

**Konnectbox — B2B E-Commerce Android Application** — Bulk-buying B2B marketplace app built with Ionic and Angular, featuring an Amazon-style catalogue, cart and ordering flow with Angular Material and SCSS. Google Play: io.konnectbox.starter

**Healthcare Client Websites — Your Practice Online Pvt. Ltd.** — Responsive, cross-browser, CMS-integrated websites designed and built for medical-device and specialist-practice clients: bplmedicaltechnologies.com • ossi-virginia.com • zacharyzimmermd.com • lombardispine.com

## EDUCATION

**Bachelor of Engineering (B.E.), Computer Science & Engineering**

*Sri Jayachamarajendra College of Engineering (SJCE), Mysuru | 2014 – 2018 | CGPA: 7.12 / 10*

**Pre-University Course (PUC), Science**

*Bharathi PU College | 2012 – 2014 | 84.33%*

**SSLC**

*Government High School | 2011 – 2012 | 79.68%*

## CERTIFICATIONS & ACHIEVEMENTS

- Angular — The Complete Guide (56 hours) — Udemy, July 2026
- SPFx Web Part Solution — Udemy
- CSS (Certified) — HackerRank, 2022
- LinkedIn Skill Assessment — Certified Badge
- Best Employee of the Year — Your Practice Online Pvt. Ltd. (2019)
- Best Employee of the Month (twice) — Certinal Software Pvt. Ltd.
